

quaternion::inv

```
graph LR; A[quaternion::inv] --> B[quaternion::quaternion]
```

A diagram showing a relationship between two identifiers. On the left is a gray rectangular box containing the text 'quaternion::inv'. A dark blue arrow points from the right side of this box to the left side of a white rectangular box on the right. The white box contains the text 'quaternion::quaternion'. Both boxes have a black border.

quaternion::quaternion
